

**ADDENDUM NO. 1 TO ALL OFFERORS:**

Reference: Request for Unsealed Proposals:  
**RFP #10392-AKM**  
Commodity: **Virginia Lottery Security System**  
Issue Date: February 5, 2013  
Due Date: March 15, 2013, 3:00 PM  
Date of Addendum: February 22, 2013

The above solicitation is hereby clarified or revised by the following:

1. Reference page 6, III. Statement of Needs.

The Department of General Services (DGS) is not linked to the Lottery's server that controls the authorized entry to a specific door at a specific time. DGS issues the cards and keeps their own card records. The Lottery controls the access permissions set up for each card giving access to Lottery space.

2. Reference page 6, III. Statement of Needs, A. Current System Description, #1. a.

The current version of Honeywell's Pro-Watch physical access control software being utilized by the Lottery is 3.2.

3. Reference page 7, III. Statement of Needs, B. Existing Equipment.

**Cameras at HQ and CSCs:**

Add the following line item to the camera listing:

CBS 6, WTVR-TV Samsung SRD-470D (not IP Based) 2 Cameras (one functional)
